Trafford Electrical Wholesalers is a North West based UK business specialising in supplying a wide range of electrical equipment and components to trade customers, including a number of large manufacturing organisations and electrical contractors.

We have a highly trained and knowledgeable sales team who are experienced in providing positive electrical solutions to industry. Our team members have a wealth of product information and are there to help you select the right products or to assist you with projects on site. In addition, our consistently exceptional performance has gained us the prestigious Investors in People award.

## People to People Service

From Trafford Electrical, you can confidently expect:

- Quality products, competitively priced.
- Rapid delivery, precisely to your requirements.
- Accurate and timely information.
- Technical support on site at any time.
- People with a thorough knowledge of the industry.
