Notes
<p>Radial actuation may reduce the mechanical life.                      Unused actuator entry slot must be covered by the plug.                      The switch may not be used as a mechanical stop.</p> <p>The degree of protection (IP code) specified applies solely to a property closed cover and the use of an equivalent cable gland with adequate cable.</p>
