Product Summary

The CED Airmaster heating range comprises domestic heating to more specialist heating products. They include Frost Watch heaters, Screen Door heaters, Patio heaters – either pedestal or wall mounted, Outdoor or Indoor Infrared heaters, upright Halogen heaters and Tubular heaters. Our infrared heaters are suitable for portable applications as they provide instantaneous maximum and effective heat within second they are switched on. They can be used as free standing outdoor heaters or as temporary heat source for moistening indoor spaces. They are whether proofed and beautifully designed for a more subtle heating experience. No fumes or smell, no noise but instant heat-up with a distinct warm ambiance without glaring bright lamps. Complete with a remote control to allow users conveniently select between heat output levels. A manual button on the side of the heater is also available for a manual usage.
