

Commercial & Industrial Lighting

Pro Lightpack

The Pro-Lightpack combines the efficiency of high-frequency control gear with an additional 20% light output from triphosphor lamps.

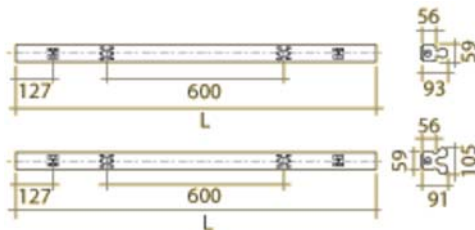

This luminaire brings many additional benefits to varied application areas, including flicker-free instant starting, improved lamp life, silent operation, improved colour rendering and reduced heat output showing additional savings where air conditioning is in use.

Applications

- Schools
- Offices
- Kitchens
- Workshops
- Corridors

Standard Features

- High Frequency Control Gear
- Triphosphor lamps (Colour 84 or 835)
- Standard Voltage 240V
- Manufactured from mild steel
- Resilient white finish
- Polycarbonate lampholders
